Padis the city of the country side in
"Morrco"

Dr . Omar Ashhabar
Ibn Tufayl university-Al Morcco

Abstract

This research deals with the history of the Islamic city of padis. This city once prevailed as one of the Landmarks on the shores of the Mediterranean sea in the far west. It participated in forming parts of the Islamic west history and the openness of marroco to the out side, especially Andalusia. The city was characterized by different aspects which emphasize its civilization.

prevailed as one of the Landmarks on the shores of the Mediterranean sea in the far west. It participated in forming parts of the Islamic west history and the openness of marroco to the out side, especially Andalusia. The city was characterized by different aspects which emphasize its civilization.

It witnessed development that include the utilities which distinguished the Islamic cities during the middle ages . it was also famous for its religion and scientific significance and the reception of an important Andalusian migration and a prominent economic activity.
